PRODUCT BROCHURE HCTDCU  
SPECIALTY OVERHEAD OPERATOR

**LiftMaster**  
COMMERCIAL DOOR OPERATORS

# IN IT FOR THE LONG HAUL.

Precision-engineered to reduce stress on door and operator components, the Specialty Overhead Operator delivers reliable, ultra-quiet performance that lasts for miles. Low-maintenance design and dependable operation drive continuous business through your facility without interruption.

## THE BOTTOM LINE:

	MINIMUM VALUE
<b>24/7 uptime:</b> Smooth start/stop operation extends hardware life.	<b>\$150</b> FOR REPAIRS
<b>Premium appeal:</b> Industry-leading quiet design elevates your customer experience.	<b>\$500</b>
<b>Nonstop security:</b> Avoid a service call to close your door when the power is down.	<b>\$150</b> PER CALL
<b>Improved efficiency:</b> Selectable opening speeds and mid-stop feature provide quicker access and more efficient energy control.	<b>\$150</b> ENERGY SAVINGS/YR.
<b>Commercial connectivity:</b> Improve operational efficiencies using 24/7 monitoring and alerts.	<b>\$10</b> PER MONTH

### REDUCED MAINTENANCE

Smooth start/stop and mid-travel reversal decrease wear on moving parts.

### QUIET OPERATION

Noise and vibration reduction provide ultra-quiet operation for a welcome atmosphere.

### WORK FLOW

Keep business moving efficiently with selectable opening speeds up to 25% faster than standard operators—11 inches per second.

### OPEN FOR BUSINESS

Run your business even when the power's down with up to 112 cycles on standby power.

# MONITOR BLIND SPOTS.

MyQ® Technology enables secure monitoring and control of the operator and door with a smartphone, tablet or computer, so you always know the status of your door. **No matter where you are.**

# SAFETY COMES STANDARD.

Just like you, we want your dealership to be as safe as possible for your customers, employees and property. **That's why we designed our Specialty Overhead Operator to meet UL 325 requirements right out of the box.** So you never have to question the safety of your doors.

**LiftMaster**  
COMMERCIAL DOOR OPERATORS

# PREVENTIVE MEASURES.

Enhance the control of your doors with these safety accessories.

## VEHICLE INSURANCE

Prevent the door from closing on vehicles by adding 36 inches of coverage with **Light Curtains**.

## ACCIDENT PREVENTION

Incorporate a **Red/Green Traffic Light** to signal vehicles when the doorway is fully open.

## EXTENDED RANGE

Security+ 2.0® **Remote Controls** (not pictured) ensure the door is open when vehicles pull up.

## OPTIMIZED SAFETY

Protect your customers, employees and property with **Optical Edges** (not pictured) that monitor the doorway for obstructions.

# FINE-TUNED PERFORMANCE.

Drive business with operation features aligned for automotive applications.

**LASTING PERFORMANCE**  
Smooth start/stop and mid-travel reversal for increased reliability and reduced maintenance.

## Battery Backup

**RELIABLE OPERATION**  
Stays powered up when the power is out to keep your business running.

**COMPLIANT SAFETY**  
Meets UL 325 safety guidelines as a complete system.

**WARRANTY**  
Worry-free 5-year warranty.
