

Sectional Doors | SSD-3500 / SSD-3550

DOOR WIDTHS TO 24' 2"

CLEARVIEW ALUMINUM STRUT SYSTEM

DEL DEN **GARAGE DOORS**

"Experience the Quality"

Model SSD-3500 with Aluminum top and bottom panels.

Delden's aluminum doors are constructed of 2" thick extruded aluminum rails and stiles and can be fitted with solid aluminum panels or a variety of full-view glass options. Perfect for automotive showrooms and repair centers, service stations, car washes, fire houses, restaurants, and sports complexes; our aluminum doors create a clean style for any facility. These doors can be installed as stationary mount or operative as a stylish alternative for indoor/outdoor environments.

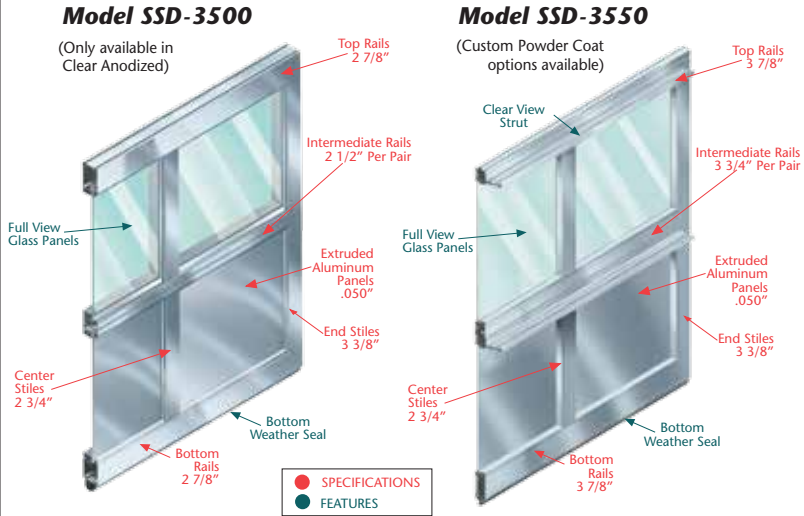

Model SSD-3500 with custom stile arrangement.

NEW! The ClearView Aluminum Strut System provides added strength and durability to larger Model SSD-3550 without restricting viewing area. Included as standard for doors 16' 4" to 24' 2".
